- Now, **Login with user**, we have created before.
- Open **headquarters** Menu.

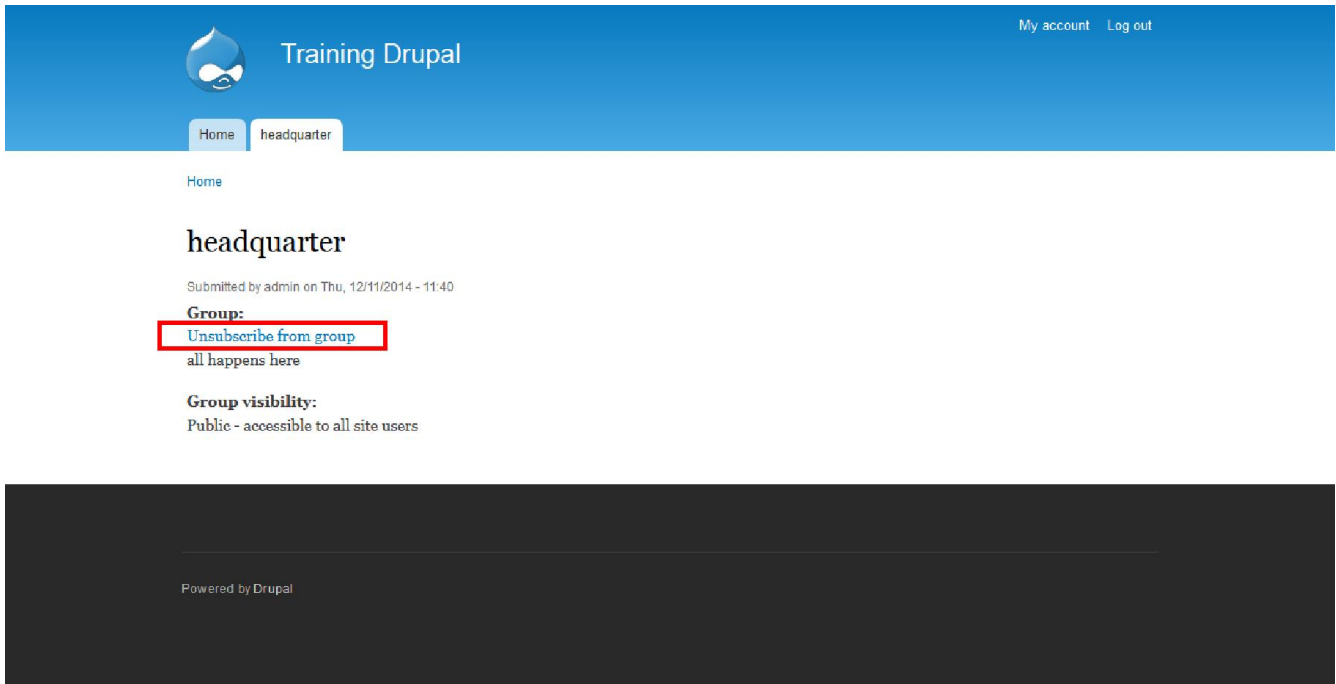

This content is accessible to user, because it is public.

- Now from admin, change “**headquarter**” content visibility to **private**.

- Save this content.
- Again **login with user**.
- Open **headquarter** Menu.

Content is accessible, because this user is **subscribed** in this group.

- Now click on “Unsubscribe” link.

User is not able to access the page.
